Edward S. Boyden, Ph. D.

International Journal of Biochemistry, Biophysics & Molecular Biology (IJBBMB) is a peer-reviewed and open access journal that provides an international forum for researchers, scholars and practitioners of biochemistry, biophysics and molecular biology to share experiences and communicate ideas. It seeks to publish papers reporting papers ...

International Journal of Biochemistry, Biophysics

FASEB organizes over 30 Science Research Conferences around the globe each year covering popular biology, medical, and experimental research breakthroughs and discoveries. Register to attend, sponsor, or speak today!

To receive news and publication updates for Oxidative Medicine and Cellular Longevity, enter your email address in the box below.

Oxidative Medicine and Cellular Longevity - Hindawi

Box Two: The immune response in the healthy brain and after brain injury. Traditionally, the central nervous system (CNS), which encompasses the brain, spinal cord, and retina, was viewed as immune-privileged, or sequestered from the immune system.

The Neurobiology of Brain Injury - Dana Foundation

Undergraduate Major in Biochemistry and Molecular Biology. Few areas of Biological Sciences remain that are not impacted by studies at the chemical and molecular level.

Department of Molecular Biology and Biochemistry

Bioenergetics is a field in biochemistry and cell biology that concerns energy flow through living systems. This is an active area of biological research that includes the study of the transformation of energy in living organisms and the study of thousands of different cellular processes such as cellular respiration and the many other metabolic ...

Bioenergetics - Wikipedia

Electrical and chemical signals are used by neurons to communicate with one another at contact points called synapses. Different gaits employed by animals and how the nervous system is able to switch between them. Also available in Spanish. The fetal brain grows enormously during pregnancy, both in

Molecular Mechanism of Synaptic Function | HHMI BioInteractive

A melanosome is an organelle found in animal cells and is the site for synthesis, storage and transport of melanin, the most common light-absorbing pigment found in the animal kingdom.

Melanosome - Wikipedia

Search Help This function enables you to search for a Keystone Symposia meeting by any word in the meeting title, location, organizer names, meeting summary or sessions (including session names, speaker names and talk titles).

Keystone Symposia | Scientific Conferences on Biomedical

Integrative Molecular Medicine is a peer-reviewed, online open access journal dedicated to a new research discipline at the interface between clinical research and basic biology.
