energy suppliers, policy advocates, public agency leaders, and large private company representatives met at the UC Berkeley School of Law in June 2009. The group identified and prioritized the most critical barriers to promoting widespread decentralized generation on large buildings and other local spaces that are sometimes in our own backyard. Based on that discussion, this paper identifies ...

**Environment Agency - What's In Your Backyard?**

In Our Backyard by Ken Worpole In the public mind, the environment is about global threats: deforestation, endangered species and climate change. Through its high-profile global campaigning, the green movement has done much to create this impression. Yet the environment is about everyday things, too. It is about the parks where our children play, the air they breathe and the food they eat ...

"In Our Backyard is an excellent introduction to learning about human trafficking, but it is more than that. It is a call to action. So many times, after learning that slavery still exists, people become overwhelmed and don't know what to do, where to start, how to help. What I love about this book are the discussion questions and the lists of practical, simple

Anthony Jay's recent book "Not in Our Backyard: How to run a protest campaign and save the neighbourhood" (2005) begins with a frontispiece entitled "Proud to be a NIMBY" and redefines NIMBYs as:

**The limitations of the NIMBY concept for understanding**

In Our Backyard is an extremely eye opening book. It is a non-fiction novel about the exploration and explanation of Human Trafficking in our society. It was shocking. It was horrifying. It was eye-opening. While I have always been aware of the exploitation and trafficking of people, I did not truly grasp the extent and depth of this issue. I truly did not realize how well and deep rooted this ...
