Life saving skills manual essential obstetric care

The aim of the manual is to teach midwives life saving skills. For example, within the module on maternal mortality one section is devoted to teaching and implementing life saving skills. This manual is a refresher course for those midwives returning to practice and as a review for midwives currently in practice. The manual is also useful to health personnel who assist the midwife. A proposed ...

The Life Skills Handbook! - Macmillan English

The Life Saving Skills Manual accompanies the Life Saving Skills - Essential Obstetric Care and Newborn Care course, which is structured around the leading causes of maternal mortality and the delivery of basic and comprehensive emergency obstetric care. It is intended for use by all healthcare providers who mainly work in resource-poor settings, trying to save lives in sometimes very ...

Life Saving Skills Manual: Essential Obstetric and Newborn

The Life-Saving Skills Manual for Midwives is also used in continuing education programs for experienced midwives and other skilled providers, to strengthen pre-service training for midwifery students and incorporated into basic training programs which can be run by ministries of health, schools of education, or midwifery associations. Midwives and other skilled providers of maternity care ...

Overview of ACNM's Life Saving Skills Program (LSS) - midwife

When you think "life-saving skills," the first thing that probably comes to mind is CPR, the technique that could make all the difference for someone who has collapsed and is under cardiac arrest.
