CROSSWALKS – A correlation linking Cathy Fosnot’s Contexts

The Clothesline is a manipulatable number line that makes the facilitation of class discourse on number sense much more efficient and effective. The Clothesline is dynamic, meaning that the "benchmark" numbers may be adjusted when needed, as well as the values that are placed on the line. My friend and colleague, Tim McCaffery of Fontana ...

The Math Forum has a rich history as an online hub for the mathematics education community. A debt of gratitude is owed to the dedicated staff who created and maintained the top math education content and community forums that made up the Math Forum since its inception.

The Math Forum - National Council of Teachers of Mathematics

The history of mathematics can be seen as an ever-increasing series of abstractions. The first abstraction, which is shared by many animals, was probably that of numbers: the realization that a collection of two apples and a collection of two oranges (for example) have something in common, namely quantity of their members.
